Results from your search will appear under the search fields. Your search may return more than one result. Above are the results for a search of “California Native Plant Society.” There are two results. If there are more than 10 results for your search term(s), a navigation bar will appear at the bottom of the page, allowing you to see additional results. You can also click “Location” to sort alphabetically by city and state.

If there is more than one result for your search, make sure you select the organization with the correct address. It is not uncommon to have a result for the local branch of an organization and one for the national or statewide parent organization.

Once you find your desired organization, click “Make a Grant.”

If your search doesn't yield any results or if you are unable to find the organization or branch you want to support, please go to the "Home" page and click on the link to "Make a grant to a group that's not in the NVCF database." A blank grant recommendation form will open. Please fill in all of the fields marked with an asterisk.
