

Disaster Relief

What We Do:

Our Disaster Case Management team help disaster survivors and their families return to safe, sanitary, and secure housing.

- Connecting survivors to available community financial resources
- Identifying household needs and program eligibility
- Assisting with advocacy for your disaster recovery goals
- Creating attainable recovery plans for disaster recovery

You should not expect your case manager to offer:

- *Help with challenges experienced before the disaster*
- *Direct mental health services*
- *Legal advice*

There is no guarantee of:

- *Housing*
- *Financial assistance*

About Our Program:

*With funding and support provided by **FEMA, CalOES,** and **CDSS** the **Disaster Case Management Program** assists survivors of the **2020 California Wildfires** to achieve sustainable long-term recovery through dedicated case management services.*

If you have a disaster-related need and resided in Napa County we may be able to help.
